

## THE FOUR INTER-RELATED FACTORS AT THE HEART OF THE TTI TRAINING METHOD

The patterns and lifestyle behaviors we develop — which are the overflow of our now-established values—that help us grow and live as mature disciples and disciple makers.

The heartbeat and desires that reflect a lifestyle of obedience as mature disciples and disciple makers — which are developed within us as we see the way God uses and blesses and brings joyful fruitfulness out of our doing what we believe.

4  
HABIT

1  
BELIEF

The Biblical principles and understandings that develop a firm foundation, leading to a Spirit-filled, faith-filled, and loving lifestyle.

3  
VALUE

2  
SKILL

The 'how-to' at a very practical level that enables us to go out and effectively do and apply that which we believe. Without being given a very intentional process of training, modeling, and encouragement most believers will never begin stepping out to evangelize.
